Oihana Next UI

A sample document for the Documents module.

Page 1 of 2 - drawn by pdf.js, served by the application.

The worker, the fonts and the decoders come from /pdfjs/<version>/.

This file embeds no font : Helvetica is one of the standard fourteen,

read from standard_fonts/ - the proof that the copy worked.

Oihana Next UI

Page 2 of 2.

The viewer of the next lot shows every page, zooms, and fits the width.
